Answer key

Seed Shop
Stock Check!

Subtract the packets sold. How many are left on each shelf?

At closing time

Each shelf started with a different number of packets. Subtract the packets sold to finish the stock check.

Peas

36 − 12 = 24

Beans

47 − 24 = 23

Carrots

58 − 35 = 23

Corn

69 − 41 = 28

Radishes

84 − 32 = 52

Sunflowers

75 − 53 = 22

Which shelf has the most packets left?

Radishes, with 52 packets.
