Answer key

How many teams?

Work out how many full teams can play. Write your answer.

20 relay runners join in. Put 5 on each team.

Number of teams 4

---

18 climbers join in. Put 3 on each team.

Number of teams 6

---

32 basketball players join in. Put 4 on each team.

Number of teams 8

---

24 rowers join in. Put 6 on each team.

Number of teams 4

Multiply your answer by the team size to check it.
