Answer key

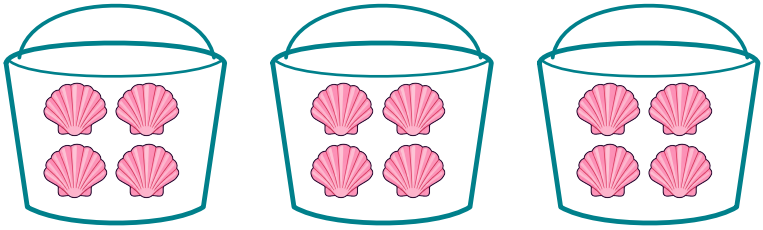

Share the shells

Draw one loop for each shell. Share equally and finish each equation.

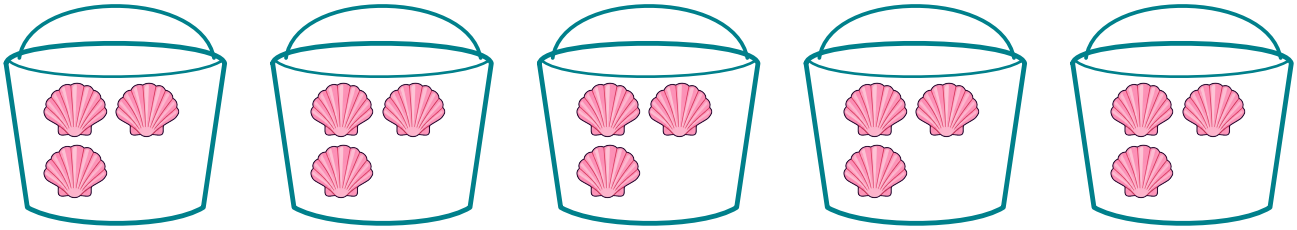

Share 8 shells among 2 buckets. 8 ÷ 2 = 4

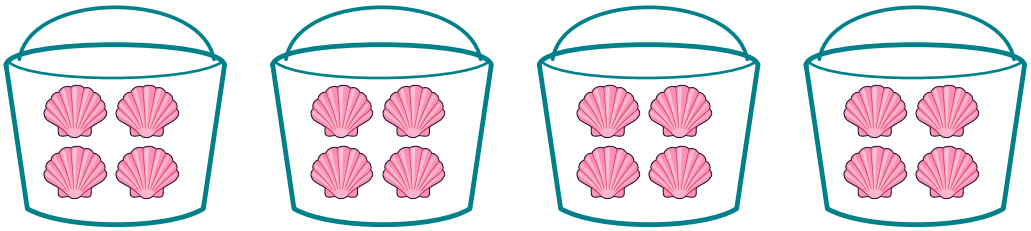

Share 12 shells among 3 buckets. 12 ÷ 3 = 4

Share 15 shells among 5 buckets. 15 ÷ 5 = 3

Share 16 shells among 4 buckets. 16 ÷ 4 = 4

Which group has three shells per bucket? 15 shared among 5
